## Channel Reassignment

As a customer of Titonka-Burt Communications video service, you'll notice some changes to our channel selection. On September 1<sup>st</sup>, we added two channels to the lineup and on September 30<sup>th</sup> we will be removing a channel.

On September 1<sup>st</sup>, we added KEYC channels to our lineup. This gives you news coverage from Northern Iowa and Southern Minnesota in addition to much of the Minnesota Sports coverage we have struggled to carry.

**New Additions:**

**KEYC (Mankato) CBS**

**Channel 412**

**KEYC (Mankato) Fox**

**Channel 416**

Since launching our current service, we have proudly carried KIMT which formerly was broadcast from Mason City. In recent years the broadcast station has been relocated to Rochester, MN and has reduced coverage of Iowa events, news and even sports coverage that we formerly enjoyed. Effective September 30<sup>th</sup>, we will be removing both the Standard Definition and High Definition variants of KIMT.

**Upcoming Removal:**

**KIMT (Rochester) CBS**

**Channel 3 (Standard Definition)**

**Channel 403 (High Definition)**

**If you have setup your DVR to record any shows on Channel 3 or 403 (KIMT), please delete those scheduled recordings and consider setting future CBS recordings on 8/408 (KCCI CBS Des Moines) or 412 (KEYC CBS Mankato)**

These changes will occur automatically. You already have 412 and 416 added and the removals will occur the night of September 30<sup>th</sup>. If you have any questions, please contact our office at 515-928-2110 and we'll be happy to help!

A current channel guide is enclosed. Additional copies are available in our office and on our website, [www.TBCtel.com](http://www.TBCtel.com). We also have a large print version available.

Sincerely,

Aaron McCartan, General Manager  
Titonka-Burt Communications
